---

## Education

**Bachelor of Engineering (B.E.) – 6th Semester**

**Maharaja Institute of Technology, Mysore**

Affiliated to VTU | Expected Graduation: 2026

---

## Technical Skills

- **Programming Languages:** Java, C, Python
  - **Web Technologies:** HTML, CSS, JavaScript
  - **Backend & Full Stack:** Java Full Stack (Core Java, JDBC, Servlets, JSP, basic Spring concepts)
  - **Databases:** MySQL (CRUD operations, basic queries)
  - **Tools & Platforms:** Git, GitHub, VS Code, Eclipse
  - **Operating Systems:** Windows, Linux (basic commands)
- 

## Soft Skills

- Strong problem-solving and analytical thinking
  - Effective communication and presentation skills
  - Team collaboration and leadership
  - Time management and adaptability
  - Eagerness to learn new technologies
- 

## Achievements & Hackathons

- **HackVerse Hackathon** – Maharaja Institute of Technology, Mysore  
Participated in an intensive hackathon focused on innovative problem-solving, team collaboration, and rapid prototyping.

- **Inter-College Hackathon**

Successfully competed in a multi-team environment, contributing to solution design, coding, and final presentation.

---

## Projects

### **Student Management System (Java Full Stack)**

- Developed a full-stack application using Java, JDBC, and MySQL - Implemented CRUD operations and user authentication - Improved understanding of backend logic and database integration

### **Python Mini Projects**

- Built small applications using Python for data handling and automation - Gained hands-on experience with logic building and debugging

---

## Certifications & Learning

- Java Full Stack Development – Online Training / Course
  - Python Programming – Online Certification
  - Actively practicing Data Structures and Algorithms (DSA)
- 

## Internship / Experience

### **Java Full Stack Trainee**

- Hands-on experience with Java-based application development - Worked on frontend-backend integration and database connectivity - Collaborated with peers on mini-projects and code reviews

---

## Career Objective

Motivated and detail-oriented engineering student seeking opportunities to apply my skills in software development and full stack technologies. Passionate about building efficient applications, learning emerging technologies, and contributing effectively to a dynamic development team.

---

## Additional Information

- Active on GitHub with regular project updates

- Interested in software development, problem-solving, and hackathons
  - Willing to learn and adapt to new tools and technologies
- 

**Declaration:** I hereby declare that the information provided above is true and correct to the best of my knowledge.

**Place:** Mysuru
